

## 2008 AIA – CNY QUESTIONNAIRE

Dear AIA Members, Associate Members and Young Professionals

In an effort to become more assessable and to promote Architecture in Central New York, your local chapter has formulated a survey to address issues that affect our profession. These issues revolve around the membership of this chapter and its future as a viable and important part of the community. We ask that you please take a quick moment to share your opinions and comments so that we can better serve you. Later, an informal forum will be scheduled to discuss the results of this survey and to address concerns of the membership. We look forward to hearing from you and are anxious to start a meaningful dialogue.
